New Orleans, La., Nov. 17 -- Louisal Association of Professional Baseball | North Carolina Infantry at Rio Grande | leagues meeting lore There was no leagues, meeting here. There was no election of officers this year.

Much important business was disposed of at today's session, including the controvery regarding a position for minor league representation in the National Baseball commission. After extended discussion a plan was adopted providing for creation of a board of five members to be entirely separate from the national commission to decide all matters on appeal from the minor league organization and all matters in controvers, between the major and minor leagues.

The membership of the new board would consist of the president and secretary of the minor association, one member each from the National and American leagues and a fifth member "who shall in no way be connected with baseball," to be elected by the four other members. The fifth, or "sentral" member, would act as confirman.

Upon petition from the Pacific Coast for minor league representation in the

The Proposition from the Pacific Coast League, American association and International leagues—members of class AA—the convention voted to request the National and American leagues to eliminate that part of the drafting rules in the Sational agreement affecting the drafting of players by major league clubs from class AA teams.

SIOUX CITY CLUB HANDED ULTIMATUM

Cincinnati, Ohio, Nov. 17.—The National Rasschall commission 10ds; not only dismissed the application of the Sloux City club of the Western league, for a rehearing in the Kane case, but served notice on the Western league, as well as the Sloux City club. If the award is not fully adjusted within five days after the promulgation of this finding, the national agreement privileges which the Sloux City club and the Western league have enjoyed will no logger be respected.

During list September the commission reversed the finding of the rational board and allowed a claim by player James Kane against the Sloux City team for salary from May 3 to July 17 at the rate of \$225 per month, less a credit of \$28.

The Second Mass. Ambulance company team has withdrawn from the Army League, waiting until the day it was scheduled to play to make this fact known. Now, there are only 15 clubs in the league. The withdrawnl of the doctors will not injure the league in any way, as there are several feams anxious to be granted a franchise, but it looks as if someone might have discovered that the lod'me outfit would not be able to play before game time yesterday. It simply left the league is a muddle, and caused the Eighth (this team a good bit of inconvenience.

Things like this are bound to come up in football, but it's a good bet that there'll be no more stunts pulled in the Army League. No more of these Christian Science teams will be allowed in the leagues. Anybody can win football games by Iniking, but winning 'em on the field is another thing.

Writing about the Harvard-Brown name of last Saturday, Percy Haughton, coach of the Harvard team said, in the New York American:

"If one great lesson were to be learned from Saturday's game it would be that frills are not to be compared with barnyard football methods, Each year there is apparent progress in offensive methods, but when such supposed advancement sets so far away from orthodox principles of football as the methods of both teams showed today, it is a question whether it would not be better to adopt a far more simple form of offense and see that the execution of it is made more perfect.

Search Deep For Cause of Rheumatism

Authorities Say, Treat It Through The Blood. You Can't Rub It Out!

Whether your trouble is Sciation, lambago or the dreaded Articular Rheumatism, the answer is the same. You must treat it through the blood. That is the only way to rid the system of uric acid, purify the blood and revitatize the nerves. If the blood is freed from impurities, Rheumatism must go. This in short is the exact knowledges gained by the research laboratories of the Swift Specific Co. There tests have been made for fifty years. They know what Rheumatism is, They know that S. S.
